Applying to Transfer-in Credits (CAT)

Credit Accumulation and Transfer (CAT) refers to the arrangement whereby the diverse features of both credit accumulations and credit transfer are combined to facilitate lifelong learning and access to the workplace. The recognition of credits for the purposes of transfer from one qualification to another is determined by the nature of the qualifications, the relationship between them, the nature, complexity, and extent of the curricula associated with the specific subjects to be recognised for exemption and/or inclusion, and the nature of the assessment used. Any and all credits for an incomplete qualification may be recognised by the same or a different institution as meeting part of the requirements for a different qualification; or may be recognised by a different institution as meeting part of the requirements for the same qualification. A maximum of 50% of the credits of a completed qualification may be transferred to another qualification. Credits obtained from studies that do not lead to a full qualification (for example, non-degree studies) could count for credit accumulation.*

*CHE. 2016. Recognition of Prior Learning, Credit Accumulation and Transfer, and Assessment

Boston allows students with completed credits from other Boston programmes to accumulate those and also allows students with completed credits from recognised higher education institutions to apply for credit transfers. Credit accumulations and transfers will only be considered if accompanied by full academic records with a statement of satisfactory or good conduct. Students interested in applying will be considered individually by the Registrar.

RPL Applicants

Recognition of Prior Learning (RPL) refers to the principles and processes through which the prior knowledge and skills of a person are made visible, mediated and rigorously assessed and moderated for the purposes of alternative access and admission, recognition and certification, or further learning and development. RPL may be used to grant access to a qualification programme, or advanced placement / exemption from modules. Exemption from modules does not translate to credits awarded and are limited to no more than 50% of the modules. No more than 10% of a cohort of students in a higher education programme are admitted through RPL.*

* CHE. 2016. Recognition of Prior Learning, Credit Accumulation and Transfer, and Assessment.

Boston admits a small number of students through Recognition of Prior Learning (RPL). Applicants interested in applying through RPL will be considered individually by the Registrar.

Certain course material, notes and assessments will only be accessible online. Students are required to submit assessments online, and access the online teaching and learning contents for the

specific online-mediated module/s via the Learning Management System (LMS), COLCampus. Students should have access to a computer and the internet. COLCampus is accessible online and/or at the campus. It is not recommended for students to take in excess of seventy (70) credits per semester. For the number of credits per module see curriculum.

- **The first-year lectures for Semester 1 commence on the 15th of March 2021. The second, third and fourth-year lectures for Semester 1 commence on the 15th of February 2021.**

Can I further my studies when I graduate?

The qualification is registered at NQF (HEQSF) Level 6 and will provide for articulation options into NQF (HEQSF) Levels 6 and 7 qualifications. Graduates may proceed to Advanced Diplomas or Bachelor's degrees in a variety of disciplines at public universities, private or foreign higher education institutions. In order to gain entry into these programmes students will have to meet the admission and selection criteria of the receiving institution.

Students may also apply for admission with advanced placement in the *Bachelor of Business Administration in Media Operations Management* or the *Bachelor of Arts in Broadcast Journalism* offered at our Sandton campus.

Certification

Upon successful completion of the qualification, students will receive the *Diploma in Media Practices* (SAQA ID 83166), NQF (HEQSF) Level 6 (Minimum Subject Credits 374, plus 5 Due Performance (DP) Credits at NQF Level 4) from Boston Media House.

International Recognition

This qualification is accredited by the Council on Higher Education (CHE), is registered on the NQF (HEQSF) by the South African Qualifications Authority (SAQA) and the institution is registered by the Department of Higher Education and Training (DHET) as a Private Higher Education Institution (PHEI) to offer the qualification.

The DHET is a department of National Government, and both the CHE and SAQA are statutory bodies, as such these entities are recognised globally. Therefore, the qualifications/institutions that are accredited/licensed by them are accepted/recognised throughout the world by other government departments and by their respective agencies such as World Educational Services (WES) and other prominent authorities for purposes of equivalence/articulation i.e. employment/labour certification or further studies.

This is a quid pro quo arrangement amongst United Nations Member States; as the DHET, CHE and SAQA similarly recognises other nation/states' qualifications/institutions for equivalence/transferring to South Africa i.e. a United Kingdom or Zambian Bachelor's of Arts awarded by a public university or private degree granting college which is accredited/licensed in accordance with the United Kingdom or Zambian legislative and statutory requirements, will be equivalated/recognised as such in South Africa.

Similarly, the SADC Protocol on Education and Training, which is a legal framework for regional cooperation, provides for the recognition of the equality of all Member States. It must be noted that qualifications will be recognised and that curricula specific evaluations may lead to additional requirements for students to meet in order to gain entry into foreign programmes or professions, which is the prerogative of the receiving institution/body.

For more information pertaining to direct international linkages/relationships, visit the websites of the DHET, CHE, SAQA, CHEA and WES.

Disaster Management Act and Academic Services

Boston recognises the need to deploy whatever reasonable measures necessary to obviate any negative impact on academic provisioning that might attend the invocation of the Disaster Management Act (Act No. 57, 2002) and the consequent gazetting of regulations. While Boston will attempt to minimise disruption to academic services, this could result in changes to academic calendars, procedures, processes, services, etc., all of which will be communicated to students and relevant stakeholders.
